## Montefiore Medical purchases \$5M facility

September 01, 2009 03:30PM

The Montefiore Medical Center has purchased the Farrand Building, a former rehabilitation center, at 4401 Bronx Boulevard for \$5.19 million. Formerly operated by Our Lady of Mercy Medical, the 40,000-square-foot building will be used in the same capacity by its new owners, according to a statement from Kelly Lee, a representative for NAI Friedland Realty. The realty group's Rick Stassa represented both buyer and seller in the transaction.
